Paris, 24 June 2014

Dear Madam/Sir,

With this letter we would like to express our support to the city of Sosnowiec and the project "Land of Fireflies" it proposes with the association "Moc Wsparcia".

We have known the project through a project presentation at our international conference "Security, Democracy and Cities: The Future of Prevention" in December 2012. We think it is a very interesting practice since it is precisely early detection and support that allow preventing victimization and that makes prevention more efficient than cure.

Together with the International Centre for the Prevention of Crime we have selected the project for a collection of promising practices.

We are not alone with our appreciation since the project was also selected to represent Poland at the European Crime Prevention Awards.

Knowing the city of Sosnowiec as a very good and reliable partner, we can only recommend supporting the Land of the Fireflies project.

Yours faithfully,

Elizabeth Johnston
Executive Director
